HotEngine Coin Rewards

doc v.1.0

HOTENGINE

Campaign period runs from 15 March, to the end of the ICO or once the reward budget is finished.

Don't forget anyone from any country can join HotEngine Rewards Campaign.

We're growing our HotEngine community! Help us spread the word about our goals, achievements and future development by participating in our reward program.

This is how it works. You help us by talking about HotEngine on social media, writing and sharing an article about our platform on your blog, or translating content from our Whitepaper, ICO website, and videos. In return for expanding the HotEngine community, you'll earn free HotEngine Coins.

The reward program budget is approximately 2.5 million HEC tokens - or 5% of distributed tokens. The exchange rate is 1 ETH = 2,500 HEC.

There are six ways to engage and reap rewards, with the reward budget divided thus:

- Twitter (20%)
- Facebook (20%)
- Article Writing (20%)
- Give Feedback (20%)
- Become a HotEngine Friend (15%)
- Translation (5%)

Reward program participants are welcome to engage with any combination of these channels and services. The reward campaign will run until the end of the ICO (July 31st), or until the budget has been used, whichever comes first.
